## OF THE INTUITIVE ARTS

### 2007-08 Level I Class

SATURDAYS • INSIGHT SERVICES • SHEPHERDSTOWN, WV

**September 8, 2007**

#### **Communicating with Your Spirit Guides**

An important mission of Spirit School is to strengthen the skills you already have to communicate with Spirit. We begin the process by describing the guidance that is available and the nature of spirit guides in particular. With the support of the group energy, you will feel uplifted and inspired as you make a direct connection with your spirit guides.

**October 6, 2007**

#### **Listening to Your Soul**

Your soul has a neutral, nonjudgmental view of your life and always speaks from the perspective of the highest and best for you. This session shows you how to come to understand your soul purposes, your personal universal mission, and how to listen to your soul as you make life-shaping decisions.

**November 3, 2007**

#### **Tools for Self Healing**

Stop giving up your power! We provide direct, yet simple techniques, which will be accessible right now to assist you in self-healing. Living life fully and consciously means balancing your energy through intentional work with your energy field. Specific exercises will help you release the past, call your spirit back and establish psychic protection.

**December 1, 2007**

#### **Living with the Angels**

Angels are beings of light and joy. Their message is that we are never separate from the Light. In this session you will learn the many ways angels communicate with us; and how to invoke and recognize your angels, who can help guide you toward a deeply fulfilling life.

**January 5, 2008**

#### **Partnering With Spirit**

The "Inner Light Meditation" connects you to a glowing Divine presence which is the strength, love, and harmony within each of us. We will explore co-creation as a way to manifest in life. The power of ritual will be employed as a way to deeply experience the presence of Spirit.

**February 9, 2008**

#### **Receiving Spiritual Guidance**

Learn how to get immediate and specific answers to any question from your guides, angels and soul. A technique is taught to confirm the accuracy of the information you receive from Spirit. Receiving guidance and information is possible for everyone.
